STRIKHA CHAIR LOUNGE

The Strikha collection by Tivoli was conceived as a symphony of textures, it draws inspiration from traditional thatched roofs, reinterpreted in a refined, sculptural language. From the precisely pleated base of the table to the embrace of the upholstered chairs, every element is designed to create a cohesive, immersive spatial experience.

ISLAS TABLE

Designed by DRAW Studio for NEUTRA, the Islas table celebrates the dialogue between traditional craftsmanship and innovative design. A table that defies convention, where marble, traditionally a symbol of solidity and permanence, comes to life in a surprising form. Islas combines craftsmanship and visionary design, transforming a timeless material into a symbol of innovation and boldness.
